## Introduction

The Radiology Group Imaging Center is an outpatient diagnostic medical testing facility utilizing the latest technology. A wide range of services is available to help you find the answers to important health questions. Diagnostic medical testing is our only business. For you, that means we provide a high level of expertise to give you peace of mind.

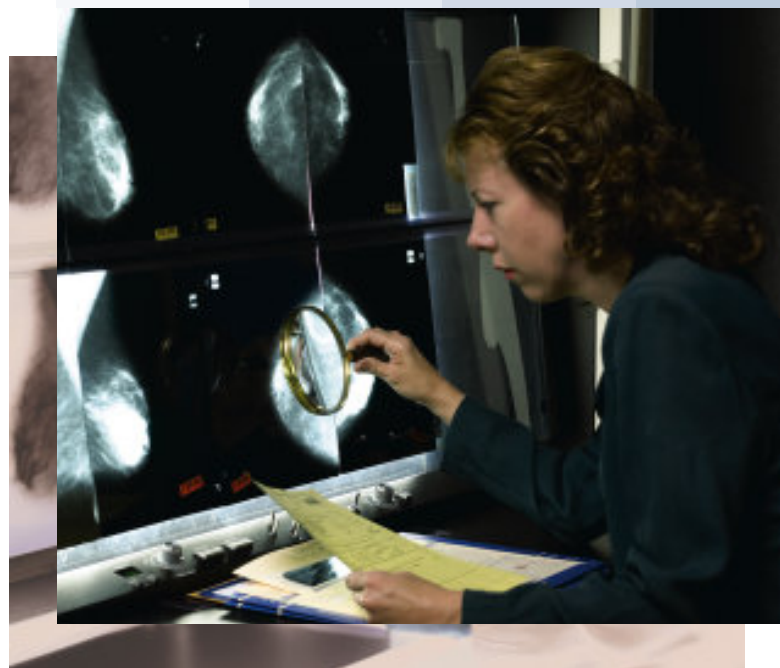

## Expertise and Service

Our highly skilled staff is dedicated to providing outstanding service to physicians and patients. It's the combination of compassion, expertise, and a commitment to providing the latest technology that makes the Radiology Group Imaging Center the premiere choice for outpatient imaging procedures in the Quad-Cities and surrounding area.

## Our Goal

The Radiology Group Imaging Center physicians and staff strive to provide our patients and referring physicians with the best service and experience possible. Our goal is to provide timely reports to your referring physician.

## Privacy

Your privacy is one of our utmost concerns. Please be assured that your privacy will be respected during your testing and that your personal and medical information will never be inappropriately shared (will remain confidential).

## Insurance

Our imaging center accepts most insurance plans. Please ensure coverage by checking with the insurance provider or calling our billing office at (563) 359-3949, ext. 216.
